## Useful information on the subject of Sustainability with us:

Vegan	Most of our formulas are vegan. Please, pay attention to this sign: VEGAN
<u> </u>	Our classic "Aloe Vera Hand Cream", our "Aloe Vera Shower Cream" and all products "with 93 % Aloe Vera" are produced with Aloe Vera from organic cultivation.
PCR	Use of Post Consumer Recycled Plastic wherever possible, such as our tubes with 10 ml, 25 ml and 50 ml, which are produced with 50 % of PCR. Our 7 ml Spray Stick is also produced with PCR. The lip balm casing of our lip balm stick ECO is mainly made from recycled plastics.
Sugar cane	Our 50 ml Spray Bottle "Slim" and also our Canister Bottle are made of 100% sugar cane, a renewable raw material which is 100% recyclable.
Material reduction	Low ecological footprint due to material reduction, such as our 150 ml tube with a very low flip top cap and a thin tube wall.
Refillable packaging	The 300 ml and the new 900 ml dispensers, our 7 ml Spray Stick and our 50 ml Spray Bottle "Slim" have a screw top and are refillable.
Refills	For our transparent 50 ml cream jars you can get refills – ideal for sustainable advertising campaigns!
-	Soap bars and Shower gel bars are on the rise again, among other things because they do not require plastic packaging.

## **OVERVIEW SKINCARE PRODUCTS**

## Quality from the pharmacy - MADE IN GERMANY - Our skincare products overview

With over 40 years of experience in the design and production of high quality, own brand cosmetics for pharmacies, **quality "Made in Germany"** and reliability as well as creativity have top priority for us and our team. Naturally we produce our products according to **GMP** (Good Manufacturing Practice) and the **European Cosmetics Regulations**. Our products are kept under surveillance and regularly controlled by the relevant German authorities. And it is our job to develop our cosmetic formulations continuously in order to always provide you **with modern and dermatologically safe cosmetic products**.

Hand Care

All our hand care products are 100% vegan!

### ALOE VERA HAND CREAM with organic Aloe Vera

Effective protective treatment for rough hands. Contains organic Aloe Vera to moisturize the skin leaving it smoother, softer and revitalized. The cream is easy to apply, quickly absorbed, leaving no oily traces. **Vegan formula. Dermatologically tested and approved as "very good".** 

#### HAND CARE 93 % ALOE VERA with organic Aloe Vera

Care spray based on 93 % Aloe Vera juice from organic farming – ideal for intensive care of stressed hands. The high proportion of Aloe Vera juice provides the skin with plenty of moisture, the Panthenol also contained therein has a soothing and moisture-retaining effect. **The formular is vegan and dermatologically tested. Application:** Spray the Aloe Vera Hand Care generously onto the back of the hands, massage in lightly and leave until the liquid has been completely absorbed. Also ideal after hand desinfection!

### HAND CREAM "PRICKLY PEAR"

Our hand cream moisturizes the skin with extract of Prickly Pear. It regenerates harsh, chapped and dry skin and is ideal for the daily hand care. **The formula is vegan, naturally dermatologically tested and approved as "very good".** 

## MARIGOLD HAND CREAM

A classic product: Our Marigold Hand Cream nourishes and protects rough hands with natural substances. It contains an extract of marigold blossoms, which are known to have a regenerating, wound healing and anti-inflammatory effect. Also recommended for other areas of sensitive, dry and chapped skin. Beneficial for slightly damaged skin, even after sunbathing. The hand cream is absorbed quickly and does not leave a greasy film. Contains neutral herbal oils and glycerine. **Vegan formula. Dermatologically tested and approved as "very good"**.

### HAND CLEANSING GEL

For cleansing the hands without water, soap and towel. Ideal for use at home, on holiday and while travelling. The gel is easy to apply everywhere, cleanses the skin thoroughly, does not stick and contains replenishing active ingredients. **Use:** Apply a few drops into the palms of the hands and rub thoroughly in the hands and between the fingers. Cleanses thoroughly.

## HAND CLEANSING SPRAY

With this spray you can wash your hands anytime and anywhere – without water, soap and towel. Ideal for those who travel a lot. The hands are clean, fresh and well cared for after use. The product does not stick. **Use:** Apply a few sprays into the palms of the hands and rub thoroughly in the hands and between the fingers. Cleanses thoroughly.

## CREAM SOAP "ALOE VERA" VEGAN

Our creamy liquid soap "Aloe Vera" cleanses the skin with mild detergent substances as well as glycerine and Aloe Vera. Glycerine is considered as a very skin-friendly cosmetic active ingredient and Aloe Vera moisturizes the skin. The creamy foam leaves a discreet pleasant unisex scent. **The formula contains no mineral oils and no microplastics.** 

## HAND CLEANING PASTE "CLASSIC"

The concentrated hand cleaning paste is based on natural wood scrubbing beads and contains emollients and cosmetic cleaning agents and is free of solvent, silicones and soap. The paste is economical in use and usable for middle to extreme soliling. Ideal for use in workshops, industry factories, ship yards etc.

## Sun protection and sun care

### AFTER SUN SPRAY 93 % ALOE VERA with organic Aloe Vera

Our After Sun Spray is based on 93 % Aloe Vera juice from organic cultivation. The active ingredients of Aloe Vera juice and Panthenol provide the skin with plenty of moisture after sunbathing and have a calmig effect on irritated skin as well as preserving moisture without leaving a greasy film. **Ideal for after sun care for body and face. Vegan and dermatologically tested.** 

## **Mean** ALOE VERA AFTER SUN LOTION

A combination of nourishing and moisturizing substances and fine agents of Aloe Vera soothe skin, which has been overexposed to the sun. It restores moisture balance and preserve elasticity and skin tone. **Dermatologically tested and approved as "very good".** 

## LIP BALM STICK SPF 20

This transparent lip care with a light vanilla aroma is easy to apply and protects the sensitive lips with ecotest-compliant light protection filters against UVA and UVB sun rays. Oils and waxes of natural origin such as beeswax and shea butter protect the lips from drying out and keep them supple. The lip care contains additional Vitamin E, **is free of preservatives and contains no mineral oils or waxes.** 

FORMUL Free of Octocrylene Nanofree SENSITIVE

## The following sun protection products now with improved formula:

## SUN CREAM - NEW: "SENSITIVE" SPF 30 SUN CREAM - NEW: "SENSITIVE" SPF 50

High protection - water resistant - dermatologically tested. The sunscreens are easy to apply, quickly absorbed, do not stick and nourish the skin with Vitamin E and Shea Butter. With the highly effective combined UVA/UVB filters, the skin is protected reliably against injurious insolation. The creams contain no octocrylene, no microplastic particles, no mineral oils, are nanofree and are suitable for sensitive skin. Consistent with the Hawaii Reef Act.

## VEGAN SUNSCREEN SPRAY/LOTION – NEW: "SENSITIVE" SPF 50

High protection – water resistant – dermatologically tested. Our sunscreen spray / lotion with high sun protection factor contains the combination of highly-effective UVA and UVB filters and moisturizing substances. It protects the skin against sunburn and premature aging caused by overexposure to sunlight. Causing of the light texture the lotion absorbs quickly and nourishes the skin with Vitamin E and Shea Butter. The spray / lotion contains no octocrylene, no microplastic particles, no mineral oils, is nanofree and suitable for sensitive skin. Consistent with the Hawaii Reef Act.

## ALOE VERA REGENERATIVE CREAM

With the natural agents of Aloe Vera and Vitamin E for the intensive care of the face and other sensitive areas. The top quality combination of active substances supports the natural regeneration of the skin, compensates the loss of natural oils and moisture and relaxes the skin. **Dermatologically tested and approved as "very good".** 

## ALOE VERA BODY LOTION

For daily care of normal and dry skin, especially after bathing and showering. With Aloe Vera gel extract and Vitamin E, as well as abundant caring substances and an attractive fragrance. The emulsion absorbs quickly, doesn't leave any fatty residue and lends the skin vitality and tone. **Dermatologically tested and approved as "very good".** 

## ALOE VERA SHOWER CREAM "BODY & HAIR" with ORGANIC Aloe Vera

Our shower cream pampers the skin with the valuable active ingredients of the Aloe Vera plant. It deeply cleanses and supports the regeneration of your skin's protective layer. Oil replenishing substances guarantee the optimum care for your skin and hair. Fragrance: discreet and unisex. The pH value is skin neutral. **Dermatologically tested and approved as "very good"** 

## ALOE VERA SHOWER FOAM "BODY & HAIR"

Our Aloe Vera Shower Foam "Body & Hair" nourishes the skin with proven active ingredients from the Aloe Vera plant and is also suitable for hair cleansing. The creamy foam from the practical foam dispenser is economical in use, easy to apply and leaves a soft and smooth skin feeling. **The formula is vegan and naturally dermatologically tested.** 

## ALOE VERA MOISTURIZING CREAM

With natural agents and basic UV-protection for face, neck and the decolleté. The light moisturizing cream with high-quality Aloe Vera extract, exclusive moisturizing agents and rich care ingredients effectively protect the skin against dryness and make it soft and smooth. The UVA/UVB protection system helps to prevent ageing caused by exposure to light. Also ideal as a make-up base. **Dermatologically tested and approved as "very good".** 

Face- and Bodycare

#### DEAD SEA BATH SALT

The sun-dried coarse-grained granules without artificial additives are extensive at minerals and trace elements. Bathing salt from the Dead Sea is ideal bath salt for full and partial baths. It nourishes and cleanses the skin and opens the pores. The skin feels wonderfully soft, supple and smooth after a bath with the bathing salt. The skin is cared for with the strength of natural minerals.

## DEAD SEA BATH SALT WITH CAMOMILE BLOSSOMS

The enclosed camomile blossoms develop their pleasant smell when taking a bath and provide balance and pleasant diversion so in addition.

## DEAD SEA BATH SALT WITH LAVENDER BLOSSOMS

The enclosed lavender blossoms develop their pleasant smell when taking a bath and provide balance and pleasant diversion so in addition.

#### SHOWER GEL "WHITE TEA"

The mild shower gel "White Tea" can be used for body & hair and leaves a fresh and pleasant feeling on your skin. The unisex fragrance is discrete and the formula contains no mineral oils and no microplastics.

#### NEW: HYALURON MOISTURIZING GEL

The light moisturizing gel with **low weight molecular hyaluronic acid** moisturizes face, neck and cleavage. The gel absorbs quickly and leaves no greasy film. Low molecular weight hyaluronic acid has a refreshing, firming and sustainable effect on the skin and also supports the Anti-aging care. Application: Apply to face, neck and cleavage after cleaning.

### LIP BALM STICK

This transparent lip care with a light vanilla aroma is easy to apply. Oils and waxes of natural origin such as beeswax and shea butter protect the lips from drying out and keep them supple. The lip care contains additional Vitamin E, **is free of preservatives and contains no mineral oils or waxes**.

#### REFRESHING SPRAY WITH 93% ALOE VERA

This moisturizing spray is ideal for refreshing skin care, both for the face and the whole body. With 93% organic Aloe Vera juice, the liquid gives the skin a lot of moisture without leaving a greasy film. The active ingredient Panthenol has a moisturepreserving and soothing effect on irritated skin. The new Aloe Vera Spray is also especially suitable for use after sun-bathing and for sensitive, impure and oily skin. The liquid can also be applied over the makeup. **The formular is vegan and dermatologically tested.** 

Care for your feet

### FOOT BALM WITH MENTHOL

The foot balm with menthol, pine oil and the deodorizing active agent Farnesol refreshes, deodorizes and cares for tired, sore feet. Rough dry skin becomes soft and supple again. Also helpful for diabetics for preventive care of skin damage. **Dermatologically tested and approved as "very good".** 

#### **"TIRED FEET" SPRAY**

Revitalizing spray for tired feet and legs. Sprayed on it develops its full freshness and has a slight cooling effect. The blood circulation is stimulated and it will spread a pleasant aroma.

### HAND SOAP "SQUARE"

The handy small saop bar cleans the hands with mild detergent and moisturizing substances, such as glycerine. It leaves a discreet pleasant unisex scent. The product is made on a vegetable basis, **is therefore vegan and contains no mineral oils and no microplastic particles**.

## 🕖 Heart shaped Soap "Peony" 🔎

This smooth piece of soap in the shape of a heart cleans and nourishes the skin with vegetable oils and glycerine. Glycerine, which is also a component of human skin, is considered to be a very skin- friendly cosmetic active ingredient that provides moisture and supports the skin barrier. The creamy foam with the delicate fragrance of peony leaves a smooth and pleasant skin feeling.

von Herzen – bleiben Sie gesund!

Our sun protection products – now with improved formula

NEW FORMU Free of Octocrylene Nanofree SENSITIVE NWOJ N<sup>3N</sup>

Now NEW and even better!

## **i** SUN CREAM **SUN CREAM SUN CREAM SUN CREAM**

High protection - water resistant - dermatologically tested. The sunscreens are easy to apply, quickly absorbed, do not stick and nourish the skin with Vitamin E and Shea Butter. With the highly effective combined UVA/UVB filters, the skin is protected reliably against injurious insolation. The creams contain no octocrylene, no microplastic particles, no mineral oils, are nanofree and are suitable for sensitive skin. Consistent with the Hawaii Reef Act.

#### Application:

Avoid intense midday sun. Apply generously before sun exposure. Apply several times, especially when sweating or after swimming and drying off. Does not provide complete protection from UV rays. Do not expose babies/small children to direct sunlight.

Information about our other fillings can be found starting on page 6.

- Free of octocrylene
- Nanofree
- Free of microplastics
- Free of mineral oils
- Complies to the Hawaii Reef Act

## SPRAY STICK | LABEL

Also practical with multifunctional mounting on the clip top

Fits in your travel bag!

## Refreshing Spray with 93% Aloe Vera

PCR

This moisturizing spray is ideal for refreshing skin care, both for the face and the whole body. With 93% organic Aloe Vera juice, the liquid gives the skin a lot of moisture without leaving a greasy film. The active ingredient Panthenol has a moisture-preserving and soothing effect on irritated skin. The new Aloe Vera Spray is also especially suitable for use after sunbathing and for sensitive, impure and oily skin. The liquid can also be applied over the makeup. **The formular is vegan and dermatologically tested.** 

Practical transparent plastic spray stick with clip top, also available with a multifunctional mounting on the clip top. Incl. 4c-label. Smaller quantities on request.

Infos on the subject of

# **SUSTAINABILITY**

**PCR:** For the sake of our environment we completely converted our popular **10 ml tube**, **25 ml tube and 50 ml tube**, **to a material that consists of 50% PCR plastic (Post Consumer Recycled plastic).** Thus plastic waste, which in some cases can take up to 450 (!) years to decompose, does not land pointlessly in the garbage can. In addition, recycling requires up to **88% less energy** than the production of new plastics.

**Material reduction:** Low ecological footprint due to **material reduction**, **such as our 150 ml tube**. It comes with a very low flip top cap and with a lower wall thickness of the tube material.

**Sugar cane:** Our handy **50 ml Spray Bottle SLIM and our Canister Bottle are made of sugar cane**. Sugar cane is not only a renewable raw material, it also absorbs CO<sub>2</sub> from the air. And sugar cane products are **100% recyclable** after use!

The sun-dried coarse-grained granules without artificial additives are extensive at minerals and trace elements. Bathing salt from the Dead Sea is ideal bath salt for full and partial baths. It nourishes and cleanses the skin and opens the pores. The skin feels wonderfully soft, supple and smooth after a bath with the bathing salt. The skin is cared for with the strength of natural minerals.

# NOTES ON TUBE-PRINTING PROCESSES

# **Pad Printing**

Printing on the front of the tube with the possibility to print up to 4 Pantone/HKS colours. Pad Printing is ideal for a direct print in Pantone or HKS colours in small quantities. The print of full colour solids is not possible.

## **Screen printing**

Best method to print up to 4 special Pantone/HKS-colours all around the tube. Screen printing is ideal for a direct print in Pantone or HKS colours in bigger quantities.

Negative prints are not possible. The printing of large full colour solids is possible.

7 315

CUPO

50 m/ e

# 4c-front label

This printing method is ideal for printing photos, colour gradients and multi-coloured motifs in 4c-Euroscale (CMYK) in small quantities. Printing is possible on white or transparent foil. The ingredients on the back of the tube are printed directly in Pad Printing.

#### Photo Print

This printing method is ideal for printing photos, colour gradients and multicoloured motifs in 4c-Euroscale (CMYK). The layout is directly printed all around the tube nearly up to the tube seam.

# 

## Note on the tubes with 50 % PCR material

Due to recycled content of the tube material, small irregularities may occur in the ink application of full-surface prints. This does not constitute a reason for complaint.

# NOTES ON PRINT

#### Pad printing

Pad printing is ideal for a direct print in Pantone colours in small quantities. Delivery time approx. 4-6 weeks.

Differences in print and colour may occur. The double printing of individual colours may be necessary for full-surface motifs. These count as additional colours. We recommend a white background for the motif to ensure a true colour imprint. The white background is charged as an additional colour. Slight scratches and bumps caused by material may occur.

#### Photo Print

This printing method is ideal for printing photos, colour gradients and multi-coloured motifs in 4c (CMYK). The layout is directly printed all around the tube up to the tube seam. Delivery time approx. 4-6 weeks. Differences in print and colour may occur. Special colours according to Pantone, HKS or RAL can be achieved only approximately. Slight scratches and bumps caused by material may occur. In whole surface printing rubbing of the colour on the tube seams and a visible join of the printing block may occur.

#### **Flexo** print

This method is used to print Pantone colours on film packaging. Delivery time approx. 4-6 weeks.

Differences in print and/or colour are possible. In whole surface printing rubbing of the colour on the seal seams and a visible join of the printing block may occur.

#### Screen printing

Best method to print in special Pantone colours all around a tube or jar. Delivery time approx. 8-9 weeks. Differences in print and colour may occur. Negative Prints are not possible. Slight scratches and bumps caused by material may occur. In whole surface printing rubbing of the colour on the tube seams and a visible join of the printing block may occur.

#### **Digital printing**

This printing method is ideal for printing photos, colour gradients and multi-coloured motifs in 4c (CMYK) in small quantities. Delivery time approx. 3-4 weeks.

Differences in print and colour may occur. Special colours according to Pantone, HKS or RAL can be achieved only approximately. For flat designs can be a little banding occur. Slight scratches and bumps caused by material may occur. Different carrier materials can lead to different printing results. If a transparent basic foil is used we recommend a white background for the motif to ensure a true colour imprint.

#### Offsetprinting

This printing method is ideal for printing photos, colour gradients and multi-coloured motifs in 4c (CMYK) also for big quantities.

Delivery time approx. 4-6 weeks.

Differences in print and colour may occur. A print of special colours according to HKS and Pantone is possible. Different carrier materials can lead to different printing results.

#### Note to tubes made of 50% PCR material

Due to the recycled content of the tube material, small irregularities in the ink application may occur. This does not constitute a reason for complaint.

# GOOD TO KNOW

#### Transmission of digital printing data

Applications for Apple Macintosh: Photoshop · Illustrator · InDesign

#### Print colours should be given in HKS or Pantone numbers.

#### Further important notices

Our printing techniques are

Screen printing: max. 24 lpi Pad printing: max. 48 lpi Flexo film printing: 34 - 48 lpi **Possible file formats:** tiff-, jpeg-, eps-, pdf-files

We use pad / screen printing, flexo filmprinting, digital printing or offset printing according to product and size of order. Pre-production costs are charged at cost price, a sample print on enquiry. For orders below the minimum quantity, there will be a surcharge after consultation. Prices in Euro per item. The prices include normally a single-colour printout of the ingredients on the reverse side. Showing the sell-by date is only required by law if a cosmetic product is usable less than 30 months. All cosmetics that are usable 30 months and more only have to show the symbol of the "open cream jar" with the period of lifespan after opening. All prices are ex works, including packaging, net of Value Added Tax. Delivery and packing charges will be billed separately. All previous pricelists are hereby void.

A "must see": OUR NEW SWEETS CATALOGUE!

The illustrations in this catalogue with logos of other companies are only for demonstration purposes. These samples are not for sale.
